

# Successful Applicants

Community Grants for safer, greener and more active travel - October 2012

The Department of Planning, Transport and Infrastructure (DPTI), in partnership with the Motor Accident Commission (MAC), recently awarded further Community Grants for safer, greener and more active travel.

The successful applicants for October 2012 are:

|                            |   |        |
|----------------------------|---|--------|
| Kura Yerlo Inc.            | Kura Yerlo will train two staff members in leading bicycle group rides. These staff members will then run a cycling program for children, youth and parents in their local area to increase skills, capacity and confidence when cycling on road. The project will also encourage their clients to get to the centre by public transport. | \$6578 |
| Novita Children's Services | Novita will purchase videoconferencing equipment to reduce the amount of car travel staff undertake in commuting between Novita office sites and within metropolitan and regional areas. The project will deliver significant safety, financial and time benefits to Novita and their clients.  | \$8958 |
| Safework SA                | Safework SA will promote cycling, public transport, carpooling and video conferencing to staff at work as an alternative to using the car for work journeys in and around the CBD.  | \$1974 |
