

Gawler Rail Electrification Project

Cormack Road level crossing temporary closure

As part of the Gawler Rail Electrification Project, the Department for Infrastructure and Transport advises of the temporary closure of the Cormack Road level crossing to undertake signalling changeover works.

Location: the works will be undertaken on the Cormack Road level crossing within the rail corridor.

When: the Cormack Road level crossing will be **closed to all traffic** at the following times:

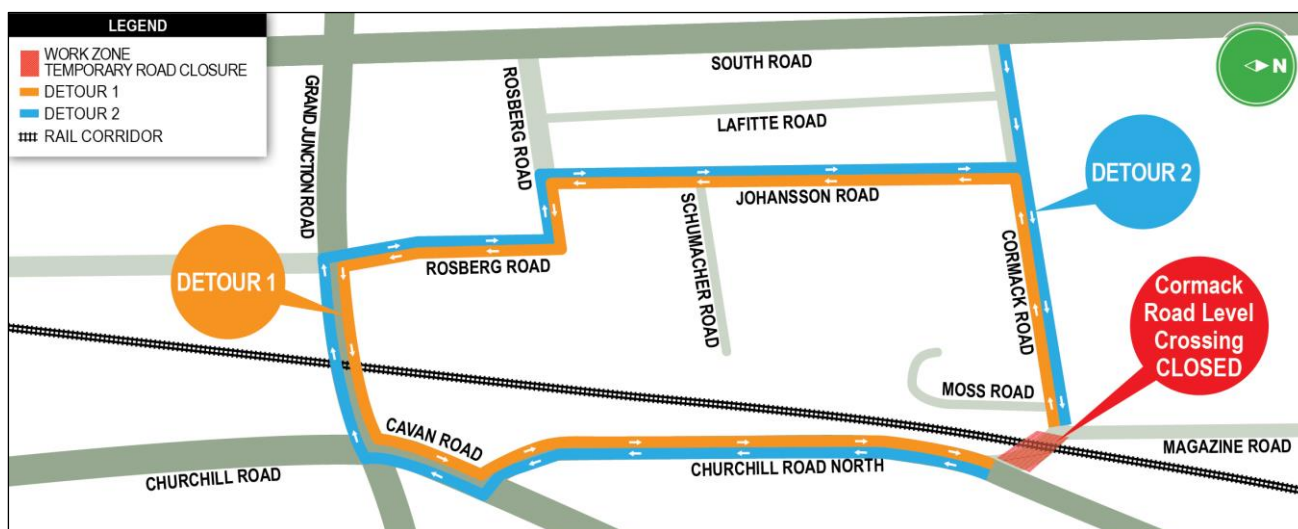

- Saturday, 23 January 2021, between 6pm and 1:30am Sunday, 24 January 2021.
- Sunday, 24 January 2021, between 6pm and 6am Monday, 25 January 2021.
- Monday, 25 January 2021, between 6pm and 1:30am Tuesday, 26 January 2021.

Traffic management and detours:

Detours will be in place directing motorists to alternative access routes (refer to map below). The diversions are suitable for heavy vehicles given the proximity of the crossing to goods distribution facilities.

Please observe signage, speed restrictions and traffic controllers. Access to properties and businesses will be maintained at all times. Pedestrians will be assisted to cross by staff on site (if safe to do so) or directed to the nearest safe crossing point.

Please plan ahead, allow extra time and take care when travelling through the area.
