

North-South Corridor

Northern Connector Project

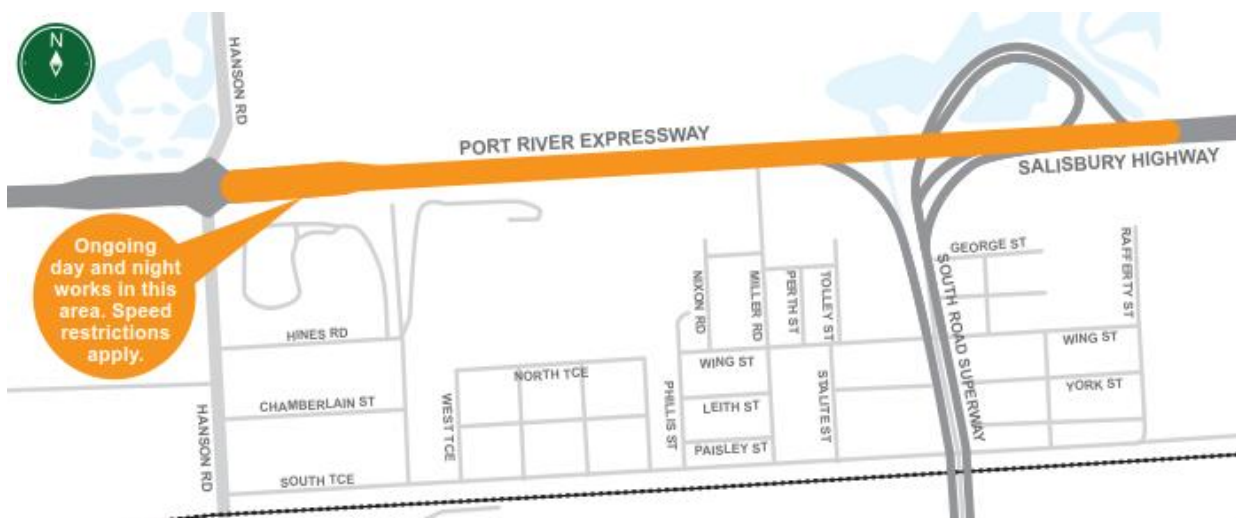

January 2018

Port River Expressway – 2018 traffic conditions

As part of the Northern Connector Project, the Department of Planning, Transport and Infrastructure (DPTI) advises there will be ongoing traffic management on the Port River Expressway for construction of the Southern Interchange during 2018.

Traffic changes will include:

- Ongoing speed restriction of 60 km/h for east and west bound traffic between Hanson Road and Salisbury Highway from Monday 15 January 2018 between the hours of 7am and 7pm (see map).
- Ongoing night works with traffic reduced to a single lane in each direction and speed restrictions between Hanson Road and Salisbury Highway in the vicinity of the works from Monday 15 January 2018 between the hours of 7pm and 6am.

Traffic will be maintained in both directions at all times. Further speed and lane restrictions may be required dependant on site conditions. Signage and traffic management will be in place to advise motorists of changed conditions.

Thank you for your patience while these important works are undertaken.
