

AGFMA – COVID-19

Bulletin 5

AGFMA provides updates to Facilities Management Governance Group (FMGG) Members and Agency Representatives on the COVID-19 Pandemic, as it relates to the Facilities Management (FM) Services.

Below is an update on the recent changes since the last Bulletin:

New Site Entry Form – COVID -19

Site Access Entry Form - COVID-19

A recent State Emergency Directives allowing travellers from ACT and NSW to no longer self-isolate on arrival in SA has triggered the Site Access Entry Form to be updated. Currently interstate visitors from Victoria are required to self-isolate for 14 days. See here for latest [Cross-border travel information](#).

As previously advised for the duration of the COVID-19 Outbreak, Agencies that receive facilities management services via the AGFMA should assess and implement the Site Access protocols for FM Service Provider' and sub-contractors entering designated locations.

A revised [Site Entry Form – COVID-19](#) should be distributed to your network for implementation within your existing site induction processes.

Further updates of the Site Entry Form – COVID-19 may be issued as State Emergency Directives are announced.
