

Golden Grove Road Upgrade – Stage Two

Yatala Vale Road – upcoming nightworks and temporary detour

The Department for Infrastructure and Transport (the Department) is improving safety and efficiency along Golden Grove Road, between Park Lake Drive and Kunzea Way, as part of the \$30 million South Australian Government funded Golden Grove Road Upgrade Project, Stage Two. The upgrade involves a number of road infrastructure improvements on this section of Golden Grove Road.

In order to minimise the impact to road users, asphaltting works will be undertaken at night on Yatala Vale Road, Surrey Downs near the Golden Grove Road intersection. Night works will be carried out from **Monday, 30 August 2021, until Saturday, 4 September 2021**, weather permitting. Hours of work are between 7pm and 6am Monday to Saturday.

To safely facilitate these night works, Yatala Vale Road, between Golden Grove Road and Mariners Drive, **will be temporarily closed** during these works with detours will be in place.

Access in and out of Yatala Vale Road at the Golden Grove Road intersection will be temporarily closed to motorists during these works (please refer to map provided). Motorists are asked to detour via Hancock Road and Golden Grove Road. Vehicle access will be reinstated to traffic at 6am each morning.

To safely undertake these works, speed and lane restrictions will also be in place during the works. Road users are asked to plan ahead, allow extra travel time and take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.

Access to properties will be maintained throughout the works wherever possible, with advance notice provided if there is a need to temporarily restrict driveway access.

Pedestrians and cyclists are advised to take care when travelling through the area. For safety reasons there may be some restricted access. Where required, signage will be in place to direct pedestrians and cyclists to alternative access and/or detours. Every effort will be made to minimise impacts to the community.

Whilst there will be some temporary impacts at various locations for pedestrian and cyclists, access will be maintained at all times, with traffic controllers onsite to assist.

Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible.

Bus stops 60A (North) on Yatala Vale Road is temporarily closed for construction and will be fully operational by late September 2021. Please use bus stop 60 (North) as an alternative during this time. Notices are on the bus stops to inform passengers of these changes (please refer to map provided).
