## Operation Moving Traffic: Removal of Setback Bus Lanes on Anzac Highway

Dear Resident/Business Owner,

The Department of Planning, Transport and Infrastructure advises that following the pilot period of the new Setback Bus Lanes along Anzac Highway (between South Road and Greenhill Road city bound), results have shown that the lanes did not reach the desired outcomes and as a result the Setback Bus Lanes will now be removed.

Works to remove the Setback Bus Lanes will be undertaken **each night between the hours of 6:30 pm and 6:00 am on Sunday 30 July 2017** and if required **Monday 31 July 2017**, weather permitting.

These works will be undertaken at night to minimise the impact to road users and to complete the works safely and efficiently.

Speed and lane restrictions will be in place in the vicinity of the works, however the road will remain open to traffic in both directions at all times.

Advance notice signage will be in place to advise motorists of the changed traffic conditions. Road users are requested to take extra care when workers are in the area and observe traffic signage and speed restrictions.

The Setback Bus Lanes on Anzac Highway were implemented as a pilot program due to it being a strategic road corridor with greater priority for public transport. Considering the results collected and the feedback received from the community throughout the pilot program, lane configuration will now revert back to previous conditions.

The bike lane hours of operation from 7.00am to 10.00am Monday to Friday will remain.

The department appreciates your cooperation and patience while these important works are undertaken.

Should you have any further questions regarding the works please contact us via: email [DPTI.OperationMovingTraffic@sa.gov.au](mailto:DPTI.OperationMovingTraffic@sa.gov.au), phone (free call) 1300 794 880 or by visiting <http://www.dpti.sa.gov.au/movingtraffic>.
