

# Gawler Rail Electrification Project

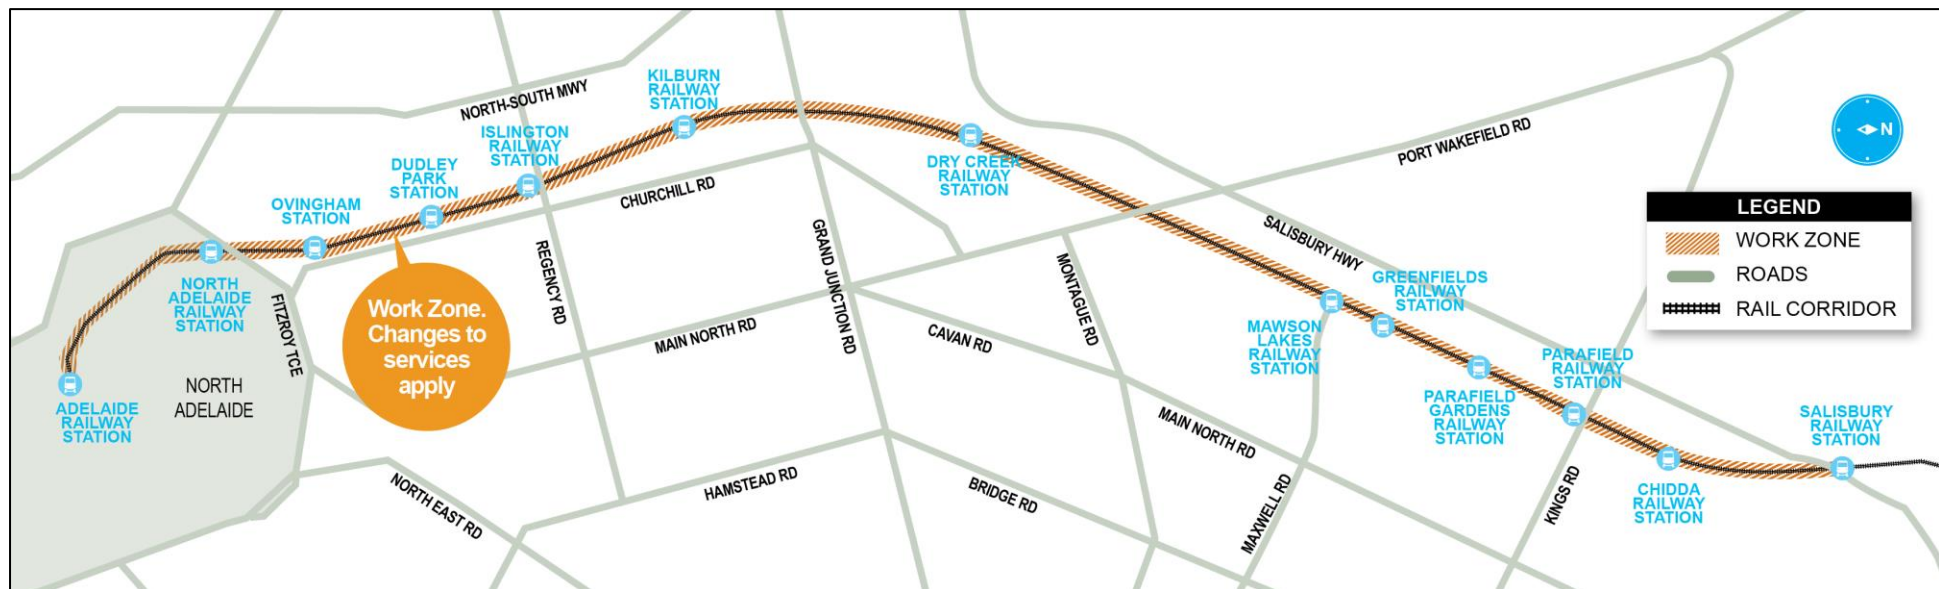

## Works Notification

As part of the Gawler Rail Electrification Project, works will be undertaken within the rail corridor between Adelaide and Salisbury Railway Stations.

**When:** Monday, 27 April for approximately 12 weeks, weather permitting.

**Workdays:** Monday to Sunday including both day and night works.

**Impacts to services:** Some passenger services will be impacted by these works, see overleaf for more details.

### For further information:

Call: 1300 080 834

Email: [dpti.gawlerelectrification@sa.gov.au](mailto:dpti.gawlerelectrification@sa.gov.au)

**Gawler Rail Line passenger service changes:**

The Gawler Rail Line will be temporarily closed at nights between Adelaide Railway Station and Salisbury Station from Monday, 27 April through to Friday, 3 July, with a reduced number of evening services.

There will also be the requirement for a partial line closure between Adelaide Railway Station and Salisbury Station on the following weekends:

- From first service Saturday, 2 May to last service Sunday, 3 May
- From first service Saturday, 9 May to last service Sunday, 10 May
- From first service Saturday, 16 May to last service Sunday, 17 May
- From first service Saturday, 23 May to last service Sunday, 24 May

The Gawler rail line will then be completely closed between Adelaide Railway Station and Gawler Central on the following weekends:

- From first service Saturday, 30 May to last service Sunday, 31 May
- From first service Saturday, 6 June to last service Monday, 8 June

For details regarding replacement bus services during these works, please refer to Adelaide Metro [www.adelaidemetro.com.au/](http://www.adelaidemetro.com.au/)

Further weekend closures may be in place if the AFL season continues to be suspended or is played in closed stadiums.

**Things you need to know:**

- Works will involve trenching within the rail corridor to install underground services for the new signalling system.
- Construction of concrete footings for the installation of overhead wiring structures.
- The installation of steel overhead wiring masts as well as fencing and vegetation management works.
- Local traffic management, including some speed restrictions and temporary restrictions to street parking, adjacent the work areas may be required in your area, so please follow signage.
- Site set up may include a small amenity block at various locations within the rail corridor. These will be removed at the conclusion of the works program.
- Access to residential properties and businesses will be maintained at all times.
- The Project Team will provide more detailed information about each work area as they are planned.
- Further line closures may be required throughout the project, please register with Adelaide Metro for up to date bus replacement information [www.adelaidemetro.com.au](http://www.adelaidemetro.com.au)

Work crews will make every effort to minimise the disturbance to residents and businesses. Thank you for your patience as we undertake this important project.
