

Station Refresh Program Works

Womma Railway Station

The Department for Infrastructure and Transport (the Department) is delivering improvement works at 14 stations along the Gawler rail line. The Australian and South Australian governments have jointly (50:50) committed \$20 million as part of the Gawler Rail Line Station Refresh Program.

Works at Womma Railway Station include the installation of a new station shelter, platform resurfacing, new tactiles, line marking, seats, bins, LED platform lights and station name signage.

Works will be undertaken intermittently at the station from **Monday, 29 November 2021 until early 2022**. Hours of work are 7am to 5pm Monday to Saturday. Please note there will be no works between Friday, 24 December 2021 and Monday, 3 January 2022.

Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible.

Every effort will be made to minimise impacts to the community.

There is no change to public transport services as part of this project.

For further information on public transport services, please contact Adelaide Metro on 1300 311 108 or visit www.adelaidemetro.com.au/railclosures

If you have any enquiries about these works, please phone 1300 794 880 or email dit.communityrelations@sa.gov.au

The Department appreciates your co-operation and patience while these important works are undertaken.

Kind Regards

Community and Stakeholder Engagement Team.
