

Gawler Rail Electrification Project

Works Notification

As part of the Gawler Rail Electrification Project, the Department of Planning, Transport and Infrastructure (DPTI) advises that works will be undertaken in the rail corridor in Gawler.

Location: in the rail corridor adjacent Howard Street, Gawler (see map overleaf).

When: between 7am and 5pm on Thursday, 25 July, Friday, 26 July and Monday, 29 July (weather permitting).

Activities will include:

- Installation of new power pole.
- Civil works required to underground the existing overhead wires.

Traffic management:

- Both Howard Street and Jerningham Street will be closed to through traffic and under traffic management while these works are in progress. Both streets will be open to local traffic only while the works are in progress. Speed and temporary lane restrictions may be required, and signage and traffic management will be in place to advise motorists of changed conditions.
- Access to residential and business properties will be maintained at all times.
- Pedestrian and cyclist access will be maintained at all times.

No electricity outages are anticipated for these works, however should any be required, they will be communicated to residents and businesses by SA Power Networks.

Work crews will make every effort to minimise the disturbance to residents and businesses.

Thank you for your patience as we undertake this important project.
