

Gawler Rail Electrification Project

Works Notification

As part of the Gawler Rail Electrification Project, works will be undertaken within the rail corridor adjacent to Railway Terrace, Kilburn.

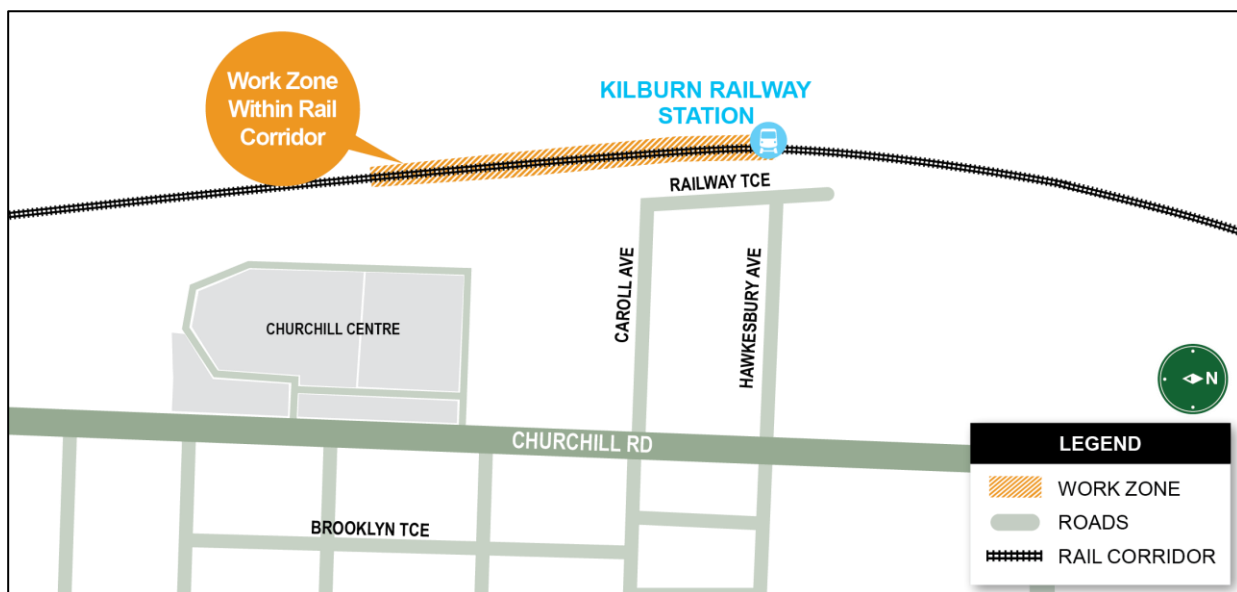

Works will involve the construction of concrete footings to support masts and overhead wiring structures.

Location: In the vicinity of the Kilburn Railway Station, working progressively along the rail corridor (refer to map).

When: From Monday, 18 November, for approximately 2 weeks, weather permitting.

Work hours: Monday to Saturday, between 7am and 7pm.

Please note there will be no disruption to passenger services during this works program.

Things you need to know:

- Local traffic management will be required along Railway Terrace with some speed restrictions in place.
- Site set up will include a small amenity block and stockpiles within the rail corridor. These will be removed at the conclusion of the works program.
- No vegetation will be trimmed or removed as part of these works.
- Further works will be required in this area to install masts, overhead wiring and fencing. The Project Team will provide more detailed information about this as they are planned.

Work crews will make every effort to minimise the disturbance to residents and businesses. Thank you for your patience as we undertake this important project.
