

Gawler Rail Electrification Project

Pedestrian Crossing Upgrade, Broadmeadows Railway Station

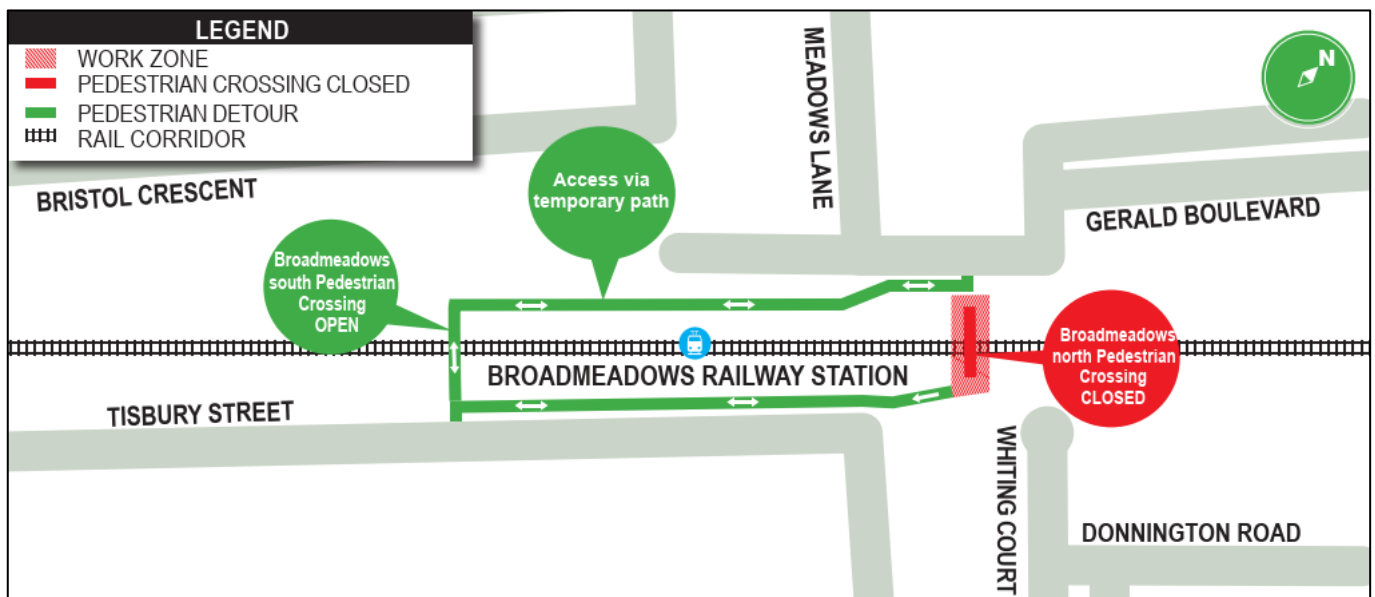

As part of the Gawler Rail Electrification Project, the existing northern pedestrian crossing at Broadmeadows Railway Station will be replaced with a new active pedestrian crossing in the same location.

The activation of the crossing will be completed in two stages. The first stage of works involves the construction of a new pedestrian maze and path. The existing northern pedestrian crossing at Broadmeadows will be temporarily closed while this work is carried out.

When: The first stage of works will commence from **Wednesday, 14 July 2021** and take approximately four weeks to complete, weather permitting. Works will take place from 7am to 7pm Monday to Saturday each week.

Location: Broadmeadows Railway Station, northern pedestrian crossing (refer to map).

Pedestrian access and detours: Pedestrian access will be maintained at all times via a temporary access path to the southern pedestrian crossing at Broadmeadows Railway Station. Please observe signage and directions from traffic controllers.

What you can expect: Some noise, dust and vibrations may be experienced from construction machinery. Every effort will be made to minimise disruption to residents and pedestrians during these works.

For more information, please call 1300 080 834, email dit.gawlerelectrification@sa.gov.au or visit www.dit.sa.gov.au/grep. Follow www.facebook.com/DFITSA/ for project updates, or register your details to receive project updates directly at www.dit.sa.gov.au/grep
