

# Gawler Rail Electrification Project

## Works Notification

As part of the Gawler Rail Electrification Project, the Department of Planning, Transport and Infrastructure (DPTI) advises that works will be undertaken adjacent the Gawler rail corridor in Salisbury Plain.

**Location:** immediately adjacent the Commercial Road, Salisbury Plain, level crossing (see map overleaf).

**When:** On an intermittent basis between the following dates and times:

- Friday, 28 June, to Friday, 5 July, inclusive, between 7am and 5pm (weather permitting); and
- Monday, 15 July, to Friday, 19 July, inclusive, between 7am and 5pm (weather permitting).

**Activities:** Existing communications cables that currently cross the railway line will be relocated to underground conduits. Existing earth wire above the railway line will be raised.

**Traffic management:**

- Commercial Road will be under traffic management while these works are in progress. Speed and temporary lane restrictions may be required, and signage and traffic management will be in place to advise motorists of changed conditions.
- Access to residential and business properties, and to the Nurlutta railway station, will be maintained at all times.
- Pedestrian and cyclist access will be maintained at all times.

No electricity outages are anticipated for these works, however should any be required this will be communicated to residents and businesses by SA Power Networks.

Work crews will make every effort to minimise the disturbance to residents and businesses.

Thank you for your patience as we undertake this important project.

For more information about rail maintenance works, to access the rail maintenance activity calendar and to register to receive night works notifications in digital form, please visit [www.dpti.sa.gov.au/worksnotifications](http://www.dpti.sa.gov.au/worksnotifications).
