

Angle Vale Riverbanks College Junction Upgrades

Changed traffic conditions and upcoming works

The Department for Infrastructure and Transport (the Department) is delivering local road improvements to support the construction of the new Riverbanks College B-12 in Angle Vale. This upgrade is funded by the South Australian Government and will improve the safety and efficiency for all road users near the college.

Works along Angle Vale, Riverbanks and Frisby Roads at Angle Vale are continuing with road resurfacing and widening works to be undertaken over the next few weeks.

To safely undertake these works, temporary traffic detours will be in place from **7am Monday, 11 October to 6pm Friday, 15 October 2021**, weather permitting. Please see map over the page for information about traffic detours during this time.

Works will be undertaken Monday to Saturday between 7am and 6pm. The temporary detours will remain in place outside of these work hours.

A 40 km/h speed restriction will be in place and lane and other speed restrictions may apply, subject to on site conditions. Road users are asked to plan ahead, allow extra travel time and take care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.

Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible.

Pedestrians and cyclists are advised to take care when travelling through the area. For safety reasons there may be some restricted access. Where required, signage will be in place to direct pedestrians and cyclists to alternative access and/or detours.

Access to properties, including Angle Vale Primary School and the Angle Vale Community Sports Centre will be maintained throughout the works. Every effort will be made to minimise impacts to the community.

Project completion is expected in time for the 2022 school year, weather permitting.

Further information

To find out more about the project or to register for future updates, please

- visit www.dit.sa.gov.au/anglevaleschool
- call 1300 794 880; or
- email DIT.CommunityRelations@sa.gov.au

The Department appreciates your patience and cooperation whilst these important works are undertaken.
