

Main North Road, Kings and McIntyre Roads Intersection Upgrade

Service Relocation Works Notification

The Department for Infrastructure and Transport (the Department) will be upgrading the intersection of Main North Road, Kings and McIntyre Roads to improve travel times, connectivity, capacity and safety for all users. The \$13 million project is jointly funded (50:50) by the South Australian and Australian governments.

As part of the project, the Department advises that service relocation works will be undertaken along Main North Road and Kings Road to facilitate the intersection upgrade. These works will be undertaken in stages.

Timing of works:

Service relocation works are expected to commence from **Monday, 28 September 2020**, with completion expected by the end of 2020, weather permitting. The majority of works will be undertaken during the day, Monday to Friday, between 7am and 5pm, with some weekend works required.

Major construction on the intersection upgrade is expected to commence late 2020, with project completion expected mid-2021, weather permitting.

Intermittent night works may also be required, between 7pm and 7am. Advance notice will be provided as works progress.

Upcoming activities:

Service relocation works include, installation of telecommunications infrastructure (SABRENet), relocation of SA Power Networks 11kV infrastructure, APA Gas asset alterations and SA Water asset alterations.

Some vegetation along the project corridor will be required to be removed to facilitate these works. Prior to any removals, the work area will be inspected on site by a suitably qualified flora and fauna specialist and where required, fauna will be relocated to a similar habitat. Impacts will be minimised, as much as practically possible.

What to expect:

Speed and lane restrictions will be in place in the vicinity of the works, however the intersection will remain open to traffic at all times. Please take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.

Access for properties will also be maintained and every effort will be made to minimise impacts to surrounding properties and road users, as much as practically possible.

Follow us on:    

Pedestrians and cyclists are advised to take care when travelling through the area. For safety reasons there may be some restricted access. Where required, signage will be in place to direct pedestrians and cyclists to alternative access and/or detours.

Individual service providers such as SA Power Networks, SA Water, Telecommunications providers and Gas Authorities will advise separately of any potential interruptions to services during these works.

Further information:

If you have any questions please don't hesitate to contact us on 1300 794 880 or by email at DIT.communityrelations@sa.gov.au
