Special Information

Bikes

The department recognises that a number of bicycles are carried on the Belair train service each week.

A temporary bicycle trailer service will be offered on a trial basis for the first month. Continuation of the service beyond this time will be based on the number of cyclists using it.

The dedicated bus service for cyclists will be operated by Bicycle SA and will use a bicycle trailer capable of holding up to 12 bikes at any one time.

It will transport bicycles (and their riders) up the hill from Mitcham to Blackwood each week night from 3.30 pm to 6.30 pm and on weekends between 10 am and 4 pm.

For further details about this bicycle trailer service, please contact Bicycle SA by telephone 8168 9999 or email office@bikesa.asn.au.

The DTEI project team is happy to work with individual bicycle commuters to determine the most effective alternatives for their travel during the renewal works. Cyclists are encouraged to contact the project team on 1300 782 454 to discuss their specific travel needs.

No bike racks will be fitted to buses due to a number of safety and logistical issues.

Accessibility

The accommodation of wheelchairs and other mobility aids on the Adelaide Metro bus substitute service is recognised as a key issue. Most services for the Belair Line Bus Substitute will be fully accessible.

If you have a requirement for accessible transport, please contact the project team on 1300 782 454 or for people with a hearing impairment, please call (TTY) on 8303 0844. This will help to plan the best use of available resources.

Catching a bus is easy!

Catching the right bus

Many Adelaide Metro bus stops are serviced by more than one bus route, so make sure you watch carefully for the Belair Line bus substitute service, clearly marked B1 on the bus destination sign above the front window.

As the bus approaches, clearly raise your hand to indicate that you wish to board. Once the bus has pulled into the stop, enter via the front doors only.

Validating your ticket on the bus substitute service

The Belair Line bus substitute service is an Adelaide Metro Metroticket service so you can use the exact same ticket you would use on the train. And if you get to the bus substitute service without a ticket, don't worry! Tickets can be bought from the driver onboard. Bus fares are the same as train fares, however drivers carry limited change so please ensure you have small notes or coins ready prior to boarding.

Validating your ticket is done in exactly the same way as onboard the train. You will find the ticket validator located on your right as you enter the bus.

Getting off the bus

Red buttons are located on the poles throughout most Adelaide Metro buses. Press this button to notify the driver that you wish to get off at the next stop. Some buses have cords running along the top of the windows. On these buses, you can either pull the cord or press the button.

rail revitalisation belair line renewal

Project overview >

Renewal of the Belair line is one of the first stages of the State Government's \$2 billion investment in public transport to be rolled out over ten years.

This project is a complete reconstruction of the existing Belair Line (with completion planned for August 2009), which includes:

- > Upgrading the track formation (base-layer) and ballast (rock material under the sleepers)
- > Improving drainage
- > Improving the track geometry and alignment within the existing rail corridor
- > Installing over 20,000 new long-life, gauge convertible concrete sleepers and new rail

The upgrade will deliver a new track condition which will enable reliable and comfortable services on the Belair Line well into the future.

Station upgrades >

Improvements will also be made at the following railway stations.

Blackwood Interchange:

- > Access improvements and a 'facelift', which will take into consideration the heritage value of the buildings.
- > Park 'n' Ride expanded to accommodate an additional 40 cars.
- > Easier and safer access at Main Road adjacent to the Blackwood level crossing.

Coromandel and Eden Hills stations:

- > Improvements to access ramps
- > Installation of tactile ground surface indicators on the platform
- > Upgraded seating
- > Fencing and maze-way improvements
- > Lighting and signage upgrades

Some night work may be necessary to renew the line as quickly as possible.
