

Gawler East Link Road Project & Tulloch Road Intersection Upgrade

Works for Main North Road commencing Monday, 23 March

As part of the Gawler East Link Road Project and Tulloch Road Intersection Upgrade, the Department of Planning, Transport and Infrastructure advises that the final stage of construction works on Main North Road will commence **from Monday, 23 March, continuing for approximately 10 weeks.**

Work Hours: Mondays to Fridays between 7am and 4:30pm, Saturdays between 7am and 1:30pm.

Location of works: Main North Road, between Ames Road and Krieg Road, Evanston Park.

Activities: Installation of stormwater infrastructure, construction of centre medians and new asphalt works.

To safely facilitate these works traffic management will be in place:

- The work zone will shift from the newly completed southbound carriageway to the centre of the road for the final phase of construction works.
- Speed and lane restrictions will apply in the vicinity of the works, with signage and traffic controllers to advise motorists of detours and changed traffic conditions.
- Traffic on Potts Road (between Main North Road and Mueller Drive) will remain one way (eastbound), with motorists temporarily diverted onto the newly completed side of Potts Road.
- Access to local businesses and residences in the area will be maintained during these works. Please continue to support the local businesses.
- The works will not change current pedestrian access or public transport services.

Please plan ahead, allow extra travel time and take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area

Thank you for your patience while these important works are undertaken.
