

Golden Grove Road Upgrade Project – Stage One

Hancock Road - asphalt works and detours

As part of the Golden Grove Road Upgrade Project (Stage One), the Department of Planning, Transport and Infrastructure (DPTI) advises that the section of Hancock Road, from approximately 200 metres north of Royal Admiral Place (and adjacent the Clay and Minerals quarry site) to Golden Grove Road will be closed from **Monday 20 July, to Friday 24 July, weather permitting.**

Work hours: Monday to Friday between 7am and 4:30pm.

Activities: earthworks and asphalt works to complete the road connections to the newly constructed roundabout at the junction of Golden Grove and Hancock roads.

Traffic management: access to Golden Grove Road for motorists travelling on Hancock Road will be maintained via the Yatala Vale Road detour (refer to map). Access to Hancock Road for motorists travelling southbound on Golden Grove Road will be maintained via the Yatala Vale Road detour (refer to map).

Speed and lane restrictions will apply in the vicinity of the works, with traffic management in place to advise motorists of the detours and changed traffic conditions. Please plan ahead, allow extra travel time and take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.

There will be no change to Public Transport services on Hancock Road. Pedestrian detours and path closures remain in place on Golden Grove Road (*Refer: Golden Grove Road Upgrade Project – Stage One: Pedestrian Access Maps 1 and 2* per the project website).

Access to local businesses in the area will remain open whilst these works are in progress. Please support your local businesses.
