

Portrush and Magill Roads Intersection Upgrade

Night Works

The Department for Infrastructure and Transport (the Department) is upgrading the intersection of Portrush and Magill roads to improve travel times, connectivity, capacity and safety for all users. The \$98 million project is jointly funded (50:50) by the Australian and South Australian governments.

While the majority of works are being undertaken during the day, night works are being undertaken to minimise the impact to road users and to ensure the works can be completed safely and efficiently.

Night works to place new asphalt and install new underground stormwater infrastructure, SA Water sewer and water mains, and traffic signal conduits will be undertaken at various locations on Magill Road west of the intersection, Portrush Road north of the intersection and Portrush Road south of the intersection.

Night works will commence from Monday, 24 May 2021, and continue through to late July 2021, weather permitting.

Hours of work will be between 7pm and 6am, from Sunday to Thursday. No works will be undertaken on Friday and Saturday nights.

Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance as much as practically possible.

The intersection will remain open to traffic at all times, with speed and lane restrictions in place.

Please plan ahead, allow extra travel time and take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.

Property access will be maintained throughout the works, and every effort will be made to minimise impacts to surrounding properties and road users.

Public transport services will not be affected during the works, however if required, advance notice of any temporary changes will be provided at the bus stops and on the Adelaide Metro website www.adelaidemetro.com.au.

Pedestrians and cyclists are advised to take care when travelling through the area. For safety reasons there may be some restricted access. Where required, signage will be in place to direct pedestrians and cyclists to alternative access and/or detours. Every effort will be made to minimise impact to the community.

The Department appreciates your patience and cooperation whilst these important works are undertaken.
