

Main North Road, Kings and McIntyre Roads Intersection upgrade

Dear Resident / Property Owner / Business Owner

The Australian and South Australian Governments have announced \$13 million joint funding for the upgrade of the Main North Road, Kings and McIntyre Roads Intersection, with costs to be shared equally.

The Australian Government commitment is part of the Commonwealth Urban Congestion Fund. The State Government's contribution addresses recommendations of the State Government's Keeping Metro Traffic Moving Report. The report identifies this intersection as a priority location for treatments that address road congestion and keep traffic flowing.

The intersection of Main North Road, Kings and McIntyre Road is a major traffic and freight route. The upgrade will improve travel times, improve network reliability, and improve economic productivity and safety for all users.

Community and stakeholder engagement forms an important part of this upgrade and as planning progresses there will be extensive consultation with land owners, businesses and residents to help inform the preferred concept and design.

Early works are planned to start in 2020, following detailed planning and design through the second half of 2019.

Have your say

Stakeholder and community engagement forms an important part of the planning study and we encourage you to have your say (see our contact details below).

Government of South Australia
Department of Planning,
Transport and Infrastructure

We will consider all feedback and concerns as we conduct the wider investigative process to identify solutions that balance the needs of various stakeholders.

DPTI will continue to work with stakeholders as solutions are developed.

Further Information

If you would like to have your say, enquire or register your interest in the project to receive updates, please:

- visit: www.dpti.sa.gov.au/mainnorth
- email: dpti.communityrelations@sa.gov.au
- telephone: 1300 794 880, or
- write to: GPO Box 1533, Adelaide SA 5001

Kind regards,

Community Engagement team
