

# Darlington Upgrade Project

## Asphalt day and night works, commencing Wednesday, 8 July

As part of the Darlington Upgrade Project, a combination of day and night asphalt works will be undertaken on the **Main South Road surface roads over the next six weeks**.

### Day works

Main South Road surface roads will require the temporary closure of lanes, as well as the Southern Expressway (lowered motorway) entrance and exit ramps **between 6am and 8pm, at times during these works**.

### Night works

To avoid disruption to peak traffic, asphalt works will be undertaken intermittently **between 8pm and 6am as required**.

Signage and speed restrictions will be in place during the works.

Following placement of the asphalt, there will be a short period where temporary line marking is in place until final line marking is completed.

Please plan ahead, allow extra travel time and take extra care when workers are on site. Observe speed and lane restrictions, and traffic controllers when travelling through the area.

Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to local residents and businesses as much as practically possible.

Access for emergency service vehicles, public transport services, pedestrians and cyclists will be maintained at all times during these works.

Other road closures and traffic restrictions may be required and advance notice will be provided. Businesses and residents will be notified in advance of any works that will have a direct impact, such as temporary driveway restrictions.

If you have any questions or would like to speak to a member of the project team, please call 1300 759 334 or email: [enquiries@gatewaysouth.com.au](mailto:enquiries@gatewaysouth.com.au).

Kind regards,  
Darlington Upgrade Project Team
