

Main North Road, Kings and McIntyre Roads Intersection Upgrade

Night Works

The Department for Infrastructure and Transport (the Department) is upgrading the intersection of Main North Road, Kings Road and McIntyre Road to improve travel times, connectivity, capacity and safety for all users. The \$13 million project is jointly funded (50:50) by the Australian and South Australian governments.

Night works for the laying of new asphalt and the final wearing surface will be undertaken in stages at the intersection and on the northern and southern approaches of Main North Road.

The first stage of works will commence on Sunday, 30 May 2021 and is expected to take approximately three weeks to complete, weather permitting.

Hours of work are between 7pm and 6am, Sunday to Friday. No works will be undertaken on Saturday nights.

Some noise disturbance can be expected at times while these works are completed. However, every effort will be made to minimise disruption to surrounding properties and road users, as much as practically possible. Access to properties during these works will be maintained.

To safety facilitate these works, changed traffic conditions will be in place as detailed below, and in the attached map. Speed and lane restrictions, road closures and detours will be in place.

Please plan ahead, allow extra travel time and take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.

Pedestrians and cyclists are advised to take care when travelling through the area. For safety reasons there may be some restricted access. Where required, signage will be in place to direct pedestrians and cyclists to alternative access and/or detours. Bus stops will be closed during the times of night works. For further information regarding detours, changes to bus stops and timetables please visit www.adelaidemetro.com.au

Main North Road, southbound traffic restrictions

Commencing Sunday, 30 May 2021 for approximately three weeks, weather permitting

Night works will be undertaken on the southbound lanes of Main North Road, from Beafield Road, to immediately south of the intersection. The following traffic arrangements will be in place:

- The southbound lanes in this location will be closed, however access will be maintained in both directions along the northbound lanes.
- Southbound access to the Main North Road service road will be closed from Main North Road. Access to the service road will be via McIntyre Road, Peacock Road and Ayfield Road or Kesters Road.
- Bus stop 40 and 41 on Main North Road (southbound) will be closed during the night works.
- All turning movements will be maintained at the Main North Road, McIntyre and Kings Roads intersection, with lane closures in place.
