

Two Wells resurfacing works

Night works notice

We are undertaking maintenance works on Old Port Wakefield Road and Gawler Road to enhance safety and improve network efficiency

What's happening

Road resurfacing works on Old Port Wakefield Road and Gawler Road between Mallala Road and Magnolia Boulevard, Two Wells.

To minimise impacts to road users these works will be undertaken at night.

How this affects you

To keep everyone safe there will be changes to existing traffic conditions.

Short term local access detours will be in place throughout the area during work hours, with signage in place to direct traffic to alternate routes.

Speed and lane restrictions will be in place during work hours, with speed restrictions remaining in place at all times until works are complete in mid-September 2025. Please plan your trips, observe signage and follow the direction of onsite traffic controllers.

There will be some noise from time to time, but we'll do our best to keep noise to a minimum. You may also notice some odours, which is normal during asphalt work.

Access to properties will be maintained. Should temporary property access restrictions be required, impacted residents will be contacted directly in advance.

For any traffic management and property access enquiries during night work hours, please contact our contractor, **Topcoat Asphalt on 0408 806 770.**
