

27 August 2019

Reference number – GOL/GOL

Dear Resident / Property Owner,

**Water Main Upgrades – Golden Grove Road, Golden Grove.**

Together with our contractors BTR Construction, we will be undertaking alteration works to a water main located in Golden Grove Road, Golden Grove. This will include installing almost 350 metres of new water main. This work is to allow for the Department of Transport and Infrastructure's (DPTI) Golden Grove Upgrade Project.

**When it's happening:** These works are scheduled to commence on Monday 2<sup>nd</sup> September (subject to schedule changes in the program) and will take approximately up to 4 weeks to complete. Please note that works are dependant upon weather conditions and technical constraints which may cause unavoidable delays. Construction works will be undertaken in the evenings, **Monday – Friday between 7pm – 7am**. Traffic management will be in place during these times to ensure the safety of our work crew and the community.

Some work out of these hours may be required at certain stages of construction. Our crews are mindful of surrounding properties and will make every effort to minimise disturbance while this essential work is completed.

**Temporary interruptions to your water supply** may be required at certain times during the works. Depending on your property's location, more than one water interruption may be necessary. You will receive advance notification at least four days prior to any water supply disruption.

If you have any questions or concerns about the works, please do not hesitate to contact Amy Czura on **1300 729 283** or email [project@sawater.com.au](mailto:project@sawater.com.au).

SA Water is committed to keeping construction impacts to a minimum. Thank you in advance for your patience and understanding during this important upgrade.

Yours sincerely,

**Amy Czura**
