

North-South Corridor Darlington Upgrade Project

Laffer Triangle access changes June 2017

As part of the Darlington Upgrade Project, access arrangements to and from Hugh Cairns Avenue, Bedford Park, will change from 5am on Monday 26 June 2017.

The changes will be undertaken in stages and will enable works on the Flinders Drive Extension (new road between Flinders Drive and Sturt Road) to be completed. The changes include:

- Traffic wishing to access Hugh Cairns Avenue will be required to do so from Sturt Road via a section of the new road connection (refer to the plan overleaf). There will be no access to Hugh Cairns Avenue from Laffer Drive.
- Motorists will be able to undertake a left or right turn from Sturt Road into the new road connection and a left turn from the new road onto Sturt Road. Vehicles will not be able to turn right out of the new roadway onto Sturt Road. A u-turn will be available at Bradley Grove.
- Access to Laffer Drive will be available only from Sturt Road (will not be available from Hugh Cairns Avenue)

In August 2017, road reconstruction and surfacing works will be undertaken over a weekend or several nights on the section of Laffer Drive adjacent the junction with Hugh Cairns Avenue. Vehicle access will be maintained at all times during these works with only one side of the road closed at a time and motorists directed by traffic controllers.

Traffic and speed restrictions will apply on Laffer Drive and Hugh Cairns Avenue. Signage will alert motorists to the changed traffic conditions.

Footpath access will be maintained at all times along Hugh Cairns Avenue and Laffer Drive. Pedestrians and cyclists are asked to observe on site signage in order to follow required detours.

If you have any questions or would like to speak to a member of the project team please contact us on 1300 759 334 or alternatively email: enquiries@gatewaysouth.com.au. Thank you for your patience while these important works are undertaken.

Kind Regards,
Darlington Upgrade Project Team
