Changes to arrival requirements at Adelaide Airport

As of 12:01am Saturday 27 March 2021, there are new requirements for travellers arriving in South Australia at Adelaide Airport.

All travellers should download the mySA GOV app from [Google Play](#) or the [App Store](#) prior to travel to South Australia and are required to use the COVID Safe Check-In to scan a QR code specific to the Adelaide Airport immediately after their arrival.

For travellers who do not have a smartphone, they must provide their relevant contact details to a person authorised or required to collect such contact details.

Once in South Australia, travellers must use the COVID SAfe Check-In when arriving at a business, venue or event in South Australia.

Information about the COVID SAfe Check-In App can be found here: <https://www.covid-19.sa.gov.au/restrictions-and-responsibilities/covid-safe-check-in>

Travellers are also reminded that before arriving in South Australia or at the time of arriving in South Australia, they must complete and lodge a [Cross Border Travel Registration](#).

Travellers must complete a separate Cross Border Travel Registration for each person in the travelling party including all children. People will experience delays on arrival if they have not completed an application for each person.

If you have current approval to enter South Australia you do not need to reapply. Conditions of entry will be updated upon the processing of your arrival.

If you do not currently hold approval to South Australia or your recent application, made under different circumstances, has been declined please complete the Cross Border Travel Registration.

All existing directions, frequently asked questions and other information can be found here: <https://www.covid-19.sa.gov.au/emergency-declarations>

If you require further information you can call the SA COVID-19 Information Line on 1800 253 787 between the hours of 9am to 5pm 7 days per week or go to the SA Health website at www.sahealth.sa.gov.au or www.sa.gov.au/covid-19.
