

Naracoorte Roundabout Upgrades Project

As part of the \$330M allocated for the South Australian Rural Roads Package, the Australian and South Australian Governments are jointly funding the upgrade of two roundabouts in Naracoorte. The project is being delivered by the Department of Planning, Transport and Infrastructure and includes:

- Riddoch Highway / Wimmera Highway (Smith Street) / Lucindale Road roundabout: full reconstruction of the roundabout, kerb realignment, upgraded road lighting, line marking, new underground drainage and pavement reconstruction.
- Wimmera Highway (Smith Street) / McRae Street roundabout: modification of the roundabout central island, and minor kerb realignment.

The proposed upgrades will enable double road trains, (no bigger than 36.5 metres) to travel through the roundabouts, allowing access for heavy vehicles to the Naracoorte Saleyards and industrial zones and improved safety for all road users.

Construction is expected to commence in March, and be completed mid 2020, weather permitting.

Community Information Drop-In Sessions

We invite you to drop into one of our Community Information Sessions to meet the project team, learn more about the project and ask any questions you might have.

Thursday, 12 March

Naracoorte Town Hall, Foyer

95 Smith Street, Naracoorte

Call in any time between 12pm and 2pm or between 5pm and 7pm

If you require further information about this event please call 1300 794 880 or email DPTI.communityrelations@sa.gov.au
