

# North-South Corridor

## Northern Connector Project

### Night works notification

As part of the Northern Connector Project, the Department of Planning, Transport and Infrastructure advises that survey night works will take place at different locations on the Northern Expressway and Port Wakefield Road (refer to attached map), between the hours of 7pm and 6am on weeknights, from Monday 20 February 2017, for approximately three weeks.

The roads will remain open to traffic in both directions at all times, with a 40 km/h speed restriction in place, when workers are on site. Lane and other speed restrictions may apply subject to on site conditions.

Signage and traffic management will be in place to advise motorists of the changed traffic conditions.

Every effort will be made to minimise disturbance to local residents and businesses as much as possible, however some noise can be expected.

Thank you for your patience whilst these important works are undertaken.
